

29<sup>th</sup> July 2020

## South East Asia services - Vessel fleet update

Dear Customer,

Swire Shipping is pleased to update the modern shipping fleet and capacity within our East & South East Asia shipping network

We will introduce the second C-Class newbuild into our comprehensive network. *MV. Chefoo* is the second of four 2400 TEU newbuild vessels to be delivered in 2020. She has a LOA of 185.86m, is capable of carrying up to 2,400 TEU with Breakbulk cargo reflecting our design of having stoppers installed in 3 holds with 3 x 45MT electro-hydraulic cranes.

- *MV. Chefoo v 2024* will replace *MV. Orea* and commence on voyage 2024 from Port Kelang on 16<sup>th</sup> August.
- *MV. Orea v 2020N* will omit Singapore

*MV. Shaoshing* will phase into our ESEA service complimenting the other two S Class multipurpose vessels within our ESEA service.

- *MV. Shaoshing v 2023N* will call into Sri Racha and omit Port Kelang during this swap.
- *MV. Shaoshing v 2016S* will commence the ESEA voyage rotation at Sri Racha.

*MV. Mia Schulte* will phase into our South East Asia to PNG & Solomon Islands service in time for the peak season demand. This product is an 11-day frequency with the fastest transit time from South East Asia to PNG & the Solomon Islands.

- *MV. Mia Schulte v 2013N* will omit Sri Racha and call into Port Kelang during this swap.
- *MV. Mia Schulte V2027S* will commence her rotation at Port Kelang

Our fleet update will be published in this week's schedule and our customer service team will contact you with any affected cargo changes. For further information, please do not hesitate to contact your local representative.

Yours sincerely,

**Swire Shipping**
